MARYVILLE, MISSOURI, MONDAY, JUNE 9, 1913.

DR. SUZZALO HERE

GAVE LECTURE MONDAY TO STUDENTS AT NORMAL.

WILL LECTURE TUESDAY

Public to Have Opportunity to Hear Great Educator at First M. E. Church in the Evening.

Dr. Henry Suzzalo, one of the most noted educators in the United States and of the faculty of the Teachers' college of Columbia University, New York City, is in Maryville for a series of six lectures at the Normal.

Dr. Suzzalo on Tuesday evening will give a lecture at the First M. E. church and his subject will be "The Modern Meaning of Culture." The public is cordially invited to attend this lecture as well as the other lectures he will give at the Normal. His lecture subject for Tuesday morning at the Normal at 9:50 o'clock will be "The Change in Social Conditions and Needs." On Wednesday morning, the subject will be "The New Functions of the School." His closing lecture will be on Wednesday afternoon and the subject will be "The Standard of Professional Life." He will leave Maryville on Wednesday afternoon for Burlington.

The first lecture by Dr. Suzzalo was given Monday morning at the Normal and all of the Normal students were in attendance. His subject was "Tradition and Reform in Education." He spoke of the school condition changing, there being more of a change in the last decade than in the last twenty centuries. He says that we are now in the period of transition. There are now two factors in the school situation, the reactionaries and the radicals. The reactionaries are the class that wish to go back to the Seventeenth century methods and teach the three R's. The radicals are the ones who wish to accept still more of the new methods and get farther away from the old curriculum.

Dr. Suzzalo defines the school as a great bridge between child life and the complex world on the other hand. This gap was very small at first and required only a small bridge, but as the gap widened, a larger and more complex bridge must be planned and built. The teacher is the architect and since we are building larger bridges than formerly, we must plan and work differently.

This afternoon's lecture of Dr. Suzzalo was on "New Kinds of Children in the Schools," and was given at the Normal at 3:30 o'clock.

Dr. Suzzalo is a lecturer of more than ordinary ability and he is now making a tour over the country giving his lectures in most of the larger educational centers of the West. He is intending to take a trip to Japan within the next few months.

ON BIG COMMERCIAL TRIP.

Dr. Fred C. Honnold Stopped in Maryville Over Sunday From Journey With Board of Commerce.

Dr. F. C. Honnold of Chicago spent Sunday and Monday in Maryville with his mother and sister, Mrs. M. J. Honnold and Mrs. George P. Bellows. Dr. Honnold's wife and two little girls, Josephine and Virginia, arrived in Maryville Monday morning for a month's visit here.

Dr. Honnold left Monday evening for Macomb, Ill., where he will resume his tour of Illinois with the Chicago Association of Commerce. The association is taking a two weeks' trip over the state of Illinois and is being represented by seventy-five of the leading business men of Chicago. They are traveling in a splendid special train and will make stops at thirty-six of the best towns in the state.

The "Pilgrims," as they are styling themselves, are publishing a daily paper on the train, which is named "The Pilgrims' Daily Progress." It is well illustrated and is full of bits of wisdom and humor, jokes and puns at the expense of those in the party, which is distributed free as the Pilgrims go along their way. It is free, because its value is away beyond any price they say.

Dr. Honnold is secretary-treasurer for the Illinois Coal Operators' association. Three years ago he took a trip down the Mississippi and through to New Orleans, the party being national in its scope of represented business, and Ex-President William H. Taft was a member of the party on his way to the deep water congress held in New Orleans.

EVERY ONE TO CLEAN UP.

Work for Father, Mother, Johnnie and the Mayor in Getting Things Just Right.

Clean-up day coming. Watch the papers for the exact date. How is this to be about? A long pull, a strong pull and a pull all together.

What are you going to do to help, Mr. Storekeeper? Sweep your sidewalk daily in front of your store.

What are you going to do, Mrs. Clubwoman? Trim up the flower beds and send a lawn mower down town to be sharpened.

What are you going to do, Father? Get after the back alley, of course.

What are you going to do, Mother? Get rid of the garbage and rubbish in the back yard.

What are you going to do, Johnnie? Borrow a wheel-barrow and go after the ashes.

What are you going to do, Mr. Mayor? Clean the streets. And then clean some more and then clean them some more.

1500 AT HARMONY W. O. W. MEMORIAL

FOURTH ANNUAL HOME-COMING WAS GREAT SUCCESS.

1200 SERVED AT DINNER

A Great Choir With Messrs. Moore and Becker Furnished Music and the Harmony Band Also Played.

The fourth annual home-coming day of the Harmony community, held at the Harmony church, eleven miles east and north of Maryville, was attended by 1,500 people and was a great success. If the weather had been a little warmer it is thought that there would have been 2,000 people there. On Sunday at one time there were sixty automobiles counted and the buggies were tied down the road a half mile each way. Many from Maryville and other towns over the county were in attendance at the day's services.

Rev. C. R. Green, pastor of the church, and members of his congregation had charge of the arrangements of the services and deserve great praise for the way they carried out the plans. Rev. Green has been pastor of the church for four years. Before that time he was residing in Kansas. He established the home-coming day four years ago, and it has been a great success, each one getting bigger. Harmony church started up some thirty-six years ago. They now have one of the prettiest and best arranged church buildings to be found in any community.

A feature of the day was the dinner at noon. Everything that was good to eat was served, and there were 1,200 people that ate dinner. Before the dinner was served music was given by the Harmony band, and after the dinner a few selections were also given by the band.

The day's services at Harmony opened with Sunday school, Hubert Null being superintendent. Then at 11 o'clock Rev. J. W. Jones of the Methodist Episcopal church of Cameron delivered an excellent sermon. After the sermon dinner was served.

The afternoon program opened with music by the choir, after which H. F. McDougal of the Tribune spoke of the fellowship existing in the community of Harmony. Rev. S. D. Harkness of the Presbyterian church gave a fine address on "Back to the Farm," and spoke of the rural community social center life.

The music for the occasion was furnished by the choir of the church, with V. I. Moore as director. Prof. H. J. Becker, in charge of the First Christian church of this city, assisted Mr. Moore. Prof. Becker also gave a solo.

Mrs. Rollo Alexander playing the accompaniment. The members of the choir were Rev. Green, Wm. Moss, Ben Cox, Mrs. Edwards, Mrs. V. I. Moore, Miss Nettie Cox, Mrs. Effie Martin, Miss Pearl Lewis, Miss Vida Hefflin, Miss Dot Hefflin, Mrs. Velma Lewis, Mrs. Vesta Buck, Mrs. Ethel Green, Miss Ida Green, Miss Effie Willetts, Mrs. Alva Hunt, V. I. Moore, John Lawson, with Mrs. C. R. Green at the piano.

The Harmony band is composed of Rev. C. R. Green as leader, John Lawson, Fred Buck, Howard VanVelson, Newton Moore, Arthur Hunt, Wm. Moss, Pearl Lewis, Florian Porter, V. I. Moore, Mrs. C. R. Green, Emmett Lewis, Everett Porter, Alva Hunt, Artie Craven, Lloyd Casteel, John Green.

Two of the original charter members of the Harmony church were in attendance at the celebration Sunday. They were Preston Seafers of Maryville and Mrs. Ira Moore of Portland, Ore., the mother of V. I. Moore. Mrs. Moore came all the way from Portland to be present at the home-coming.

The Harmony community is becoming noted for their social life and the fellowship that exists there. They are doing great things there.

Many of the Maryville people that went to Harmony in automobiles made the trip by the way of the Saints Byway and were not disappointed, as the road was in fine condition. This byway commenced at Casey's corner, six miles east of Maryville, then goes two miles north, two miles east to the Moore school house.

Home From Portland.

Miss Lucy Davis arrived home Saturday from Portland, Ore., where she is teacher in a Presbyterian school, and will spend the summer here with her father, George D. Davis and family.

Miss Mabel Carver returned to her home in Guilford Saturday from a visit with Mrs. J. E. O'Neal.

MONUMENT TO MEMORY OF CHAS. C. GREMS DEDICATED.

DECORATED 26 GRAVES

Impressive Services Held Sunday for Departed Members of Fraternal Order—Rev. Miller Made Address.

The annual memorial and decoration day service of the W. O. W. lodge was held Sunday afternoon in Miriam cemetery and was largely attended by the members of the order and their friends. There were several visitors present from the neighboring lodges who participated in the exercises.

The occasion was also the time for unveiling the monument placed at the grave of Charles Curtis Grems, whose death occurred a few months ago.

The Maryville band headed the procession that marched from the lodge hall to the cemetery. Several pieces of music were played, after which unveiling ceremonies were impressively conducted by Consul Commander Roy Martin, assisted by Advisor Charles W. Kiser, Banker R. F. Wallace, Clerk N. S. DeMotte, Captain Ezra Phipps and his drill team. James Murray was marshal of the day.

The unveiling ceremonies were conducted after the graves of the deceased members had been decorated with flowers. After the beautiful ritualistic service, Rev. Claude J. Miller of the First Christian church gave a brief but eloquent address on "Brotherhood."

Text: "By faith Abel offered unto God a more excellent sacrifice than Cain, through which he had witness borne to him that he was righteous, God bearing witness in respect of his gifts; and through it he being dead, yet speaketh." Heb. 11:4.

Rev. Miller said in part: Friends and members of the W. O. W., we are assembled here to pay our tribute to a brother, comrade and fellow worker. The flowers we bring are only symbols of our undying affection, for one who no longer walks among us as flesh and blood, but for one who dwells today in the spirit land. We tenderly place our votive offerings upon his grave, as our hearts yearn for his fellowship.

These tokens of our love are expressive of brotherhood. They call to our minds the first brotherhood this world knows anything about; two boys, Cain and Abel. Through their gifts to God they speak today; the one for evil the other, for good. Their audible voice is not heard today by the children of men, but their character voice speaks though they be dead, and will speak to generations yet unborn. In this first brotherhood of the world's history only a few attained greatness, few became kings.

About two thousand years ago another brotherhood was organized by one who has become the world's brother—Jesus Christ our Lord. With twelve humble men he founded a fraternity which has become world wide in its reaches. This fraternal order extends the hand of helpfulness to all mankind. All of this number are dead, as we speak of life and death, yet they all speak through the lives they lived while upon earth.

As we unveil this monument today, we think of the unveiling of the soul before the Eternal God.

May we build monuments of kindness, love and affection in human hearts all about us; and when our mortal body shall be laid in the grave may the life we have lived speak to the world of our tolerance and generosity to our weak and frail brothers, may they be big enough in spirit to magnify our virtues and minimize our faults."

MORNING AT CHRISTIAN CHURCH.

Service Devoted to the Old Folks—Rev. C. J. Miller's Sermon: "A Sacred Privilege."

A large audience was present at the morning service at the Christian church Sunday morning. Autos and carriages of the congregation were busy before the service, bringing the old folks to the church, the service being given over to them and their friends.

Rev. Miller said in part:

"This service has been set aside for the old people of this church and our friends in general. We welcome them this morning. I myself revere and have the profoundest respect for those traveling down life's sunset pathway, and I pray that my tongue my cleave in my mouth if I ever speak slightly of old age.

"The subject I have chosen this morning is: 'A Sacred Privilege.'"

"Prayer is on the decline. Many are so forgetful of its benefits. But in spite of that I believe the world is getting better.

"Many a young woman in the great cities has been kept from falling with the knowledge that a good mother was at home praying for her.

"In common prayer there is real penitence as we come into the presence of God.

"Some men say there is nothing in prayer only the reflex influence.

"The Apostle James says that the constant, reverent prayer of a righteous man availeth much in its working. This must be both objective and subjective.

"Any man under the sun has a right to pray. Prayer is the only solution of forgiveness.

"Don't worry about the mysteriousness of prayer. God himself will make all things right.

"We see mystery all about us in nature—the law of gravity, in the plant life, etc.

"Our president, Woodrow Wilson, with the affairs of state and its great responsibility, finds time to pray. John Wanamaker in the great business world with all its cares, finds time to pray.

"There is always time to pray. Any man can find time to pray.

"In the economy of God he is often obliged to say 'no' to our prayers, because we often ask for things that are not for our own good.

"Prayer will change life from sadness to joy. God cannot answer prayer with a 'yes' at all times. If he did it might ruin our lives.

"I hope to see the day when a prayer altar will be in every home.

"Take the exhortation of Paul: 'Pray without ceasing.'"

Mrs. F. P. Robinson paved the way for the sermon when she sang in the most touching manner: "Did You Think to Pray?"

FIRST METHODISTS WON.

Defeated the Presbyterian Sunday School Team in League Game on Saturday.

In a very interesting game played Saturday afternoon at the Normal park, which was undecided until the last inning, the First Methodist team defeated the Presbyterians by a score of 4 to 3. The batteries were Dick Wray and Clark for the Methodists and Vandersloot and Hutchison for the Presbyterians. The umpire was Conley.

The Baptist team failed to report for their game with the Harmony team and so a practice game between Harmony was had against a bunch of pickups. The pick-up team won. This game does not count as a regular game.

TO REMAIN OPEN

DOORS TO NEW POSTOFFICE OPEN FROM 7 A. M. to 9 P. M.

IN LINE FOR AN HOUR

Line Extending Across Lobby Waited for Keys to Open Boxes and Get Their Mail Monday Morning.

The postoffice opened in the new government building on Monday morning and everything is arranged now so the regular service can be given. There still remains some new furniture to come, but it will probably arrive before the end of this week.

The moving of the postoffice was done Saturday evening and the postoffice force worked that night until midnight. Then on Sunday what new furniture that was here was arranged and everything gotten in shape for business. They were still moving some of the old furniture on Monday, and it will all be stored in the storage room of the new building and be sent around to different postoffices in this section of the country.

Some trouble was had Monday morning when the patrons called for their mail. It was necessary to turn in all old keys and get the new keys before the mail could be secured. There were many in line waiting for their keys, and several had to wait an hour or more.

Postmaster S. R. Beech announces today that the postoffice building will be opened hereafter on all holidays and on Sunday. That is, the front and side doors will be opened these days from 7 o'clock in the morning to 9 o'clock at night. But the same delivery of mail will be made as it has been in the past on these days.

The old postoffice building on the North side of the square will be used for the Miller moving picture theater. The building is to be somewhat remodeled, a raised floor put in and other necessary improvements for a moving picture theater. It will probably take two weeks or more for these improvements.

BENJAMIN CHAPIN COMING.

Walked to Pickering.

Miss Ottilla Dueker of Pickering, who was called to Upper Iowa University at Fayette, Iowa, a few weeks ago to finish the university year for the professor in mathematics who was called away, returned home the last of the week, having also remained for commencement. She arrived in Maryville on the early Wabash train and not wishing to wait for the noon Burlington train to take her home, she walked the seven miles home along the Saints Highway and found it a delightful undertaking. The morning was perfect, wild flowers and strawberries at their loveliest, and she was at home long before the noon train came into Maryville.

Little Boy Is Better.

An Exceptionally Good Program—the Day's Collection \$187.30.

Children's day at the First Christian church was one long to be remembered by the children and their friends. The attendance at Sunday school was 297; collection, \$169.45.

In the evening an exceptionally good program was rendered by the children, some of whom were but mere infants, but they were not abashed, nor faltered when they appeared before the large audience—they did their parts well. The singing was a special feature of the program. There were solos, duets and quartets, and the chorus work was up to the standard. The collection in the evening was \$17.85, a total for the day of \$187.30. This fund will be sent toward the support of Dr. Drummond in India, who the church maintains in that far off land. He is doing great work for the spreading of the gospel. The doctor is also a physician and his work in this field has made him hosts of friends.

The state schedule of the conventions by districts follows:

KARL KIRCHER IN TOWN.

Has Just Graduated From Princeton and Will Enter Presbyterian Ministry.

Rev. Karl Kircher, who has just graduated from Princeton University and School of Theology at Princeton, N. J., arrived in Maryville Thursday night and visited until Saturday forenoon among Maryville friends. He was a guest in the homes of D. E. Hotchkiss, Roy Lippman and Mr. and Mrs. John Dempsey.

Mr. Kircher is a son of Rev. Charles E. Kircher, who closed a several years' pastorate with the First Presbyterian church of this city about ten years ago. Rev. Kircher went to the First Presbyterian church of Jefferson City, Mo., from here and is now located at Hillsboro, Kan.

Karl Kircher has been away from his father's home in school ever since he left Maryville and no other place seems like home to him. As soon as he left Princeton he struck out for Maryville and wishes to secure a Presbyterian pastorate somewhere in Northwest Missouri if possible. He occupied the pulpit of the Presbyterian church at Albany on Sunday morning and evening.

Mr. Kircher spent his prankish days in Maryville, and it was not easy for his boy friends of those days to think of him as a minister.

Mrs. F. G. Henry of LeGrande, Oregon, who has been visiting her parents, Mr. and Mrs. Thomas Martin, the past two weeks, left for her home Saturday evening. She was accompanied as far as St. Joseph by her father, who will visit there with his son, Charles W. Martin. Mrs. Henry stopped in St. Joseph for a few days' visit with her brother's family.

Mrs. L. B. Tracey and daughter, Thelma, and her baby niece, whom she is caring for, returned Monday morning from Bedford, where they were called several days ago by the illness of Mrs. Tracey's brother.

Mr. and Mrs. Clarence Lierley of Conception Junction were guests in Maryville over Sunday at the home of Mrs. Lierley's grandparents, Mr. and Mrs. G. W. Swinford.

Mr. and Mrs. J. E. Melvin entertained Rev. and Mrs. Claude J. Miller at six o'clock dinner Saturday evening.

NEW TURN IN COAL STRIKE CASE

Indictment of Miners' Officials Wampers Committee

IMMUNITY FOR WITNESSES.

Mine Workers' Agent Collects Evidence From Those Willing to Give Experiences in West Virginia Mines. Hundred Men Are Ready.

Washington, June 9.—Complicated by a complicated situation, constantly growing more involved, the senate subcommittee named to investigate West Virginia coal strike conditions will leave for Charleston tonight. Examination of witnesses will begin tomorrow, with the appearance of scores of miners summoned by the agents of the United Mine Workers, to testify in relation to charges that the workers in the Pine creek and Cabin creek coal fields are kept in a state of virtual peonage.

Paul J. Paulsen of the United Mine Workers has been in West Virginia for a week collecting the witnesses and it is expected that he will have on hand about 100 men to give their experiences in the West Virginia coal mines. They will be followed by witnesses testifying as to alleged interference with the postal service by mine guards, violations of the immigration laws, the shipments of arms and ammunition into the strike territory and the "arrest, trial and conviction of citizens in violation of the constitution or laws."

The announcement of the indictment in the federal courts of officers of the United Mine Workers and the news of labor outbreaks in the New River coal field of West Virginia, further have complicated the strike situation since the senate adopted its resolution authorizing the inquiry. The charge of conspiracy on the part of the operators in other states to cause trouble in the West Virginia field is one of the points embraced in the senate resolution and the indictment may force the senators to limit materially their efforts on this point.

Senator Martine of New Jersey has charge of this branch of the inquiry, and he will be very careful in calling and examining witnesses to avoid all possibility of giving immunity to any offenders who might later be called to account through the courts.

Nineteen Miners Indicted. President John P. White and eighteen other officials of the United Mine Workers of America were indicted in the federal court at Charleston, W. Va., on a charge of violating the Sherman anti-trust law. It is alleged the defendants conspired with the coal operators of western Pennsylvania, Ohio, Indiana and Illinois to raise wages in the West Virginia coal fields so as to prevent its competition with the other four states in the western market.

The indictment alleges that coal produced in West Virginia, especially Kanawha county, is shipped in competition with coal mined in other states of the competitive field and that the contemplated organization of the West Virginia miners is to restrict the sale of the West Virginia coal in these markets and that not more than 15 per cent of the coal output of West Virginia is consumed within the state and the balance is shipped to other markets.

It is charged that the mines in the competitive states are unionized, dominated by the United Mine Workers, and the coal operators of Pennsylvania, Ohio, Indiana and Illinois have entered into a combination and conspiracy with the miners' union wherein the alleged conspirators have agreed to prohibit the coal mined in West Virginia from entering the lake markets and Canada.

THEY MUST SHOW MISSOURI

Commissioner Issues Citations Against Insurance Firms.

St. Louis, June 9.—State Insurance Commissioner Revelle has issued citations against the fire insurance companies that have ceased writing policies in Missouri to show cause for their refusal to issue insurance in this state. The companies have ten days under the citation to show why their Missouri license should not be revoked.

Commissioner Revelle said the inability to get insurance is felt more in rural communities than in the large cities. Country banks, he said, have foreclosed mortgages because borrowers have been unable to obtain a renewal of insurance on mortgaged property.

"There are new companies ready to organize, which are willing to accept all risks declined by the insurance companies."

"If the old companies are unwilling to assume the risks under the Orr law, I am in a position to guarantee Missourians that they will be able to secure all the insurance they want from new companies."

Explorers Ready for Trip.

Victoria, B. C., June 9.—Vilhjalmar Stefansson, the Arctic explorer, arrived at Esquimaux and took charge of the work of preparing the expedition which he will lead into the Arctic this summer for scientific research under the auspices of the Canadian government. The expedition will leave for Nome, Alaska, in a few days.

SUFFRAGE CLAIMS ITS FIRST VICTIM

Woman Who Stopped King's Horse in Derby, is Dead.

HAILED AS HEROINE BY CAUSE

Surrounded Only by Nurses and With Suffragette Colors on Screen Left by Friends, Dies of Fractured Skull. End Comes in Hospital.

London, June 9.—Emily Wilding Davison, the first martyr to the militant efforts of women to obtain suffrage, died at the Epsom hospital as the result of the fracture of the skull sustained in an attempt to stop the king's horse, Anmer, during the running of the derby, Wednesday last. Only the matron of the hospital and two nurses were present at the deathbed. A few moments before her death two comrades draped the screen surrounding the cots with the fateful colors of the Women's Social and Political union, which she wore when she made the sensational attempt to interfere with the great classic of the British turf.

The funeral will take place in London and members of the Women's Social and Political union will take a prominent part.

Speaking with great emotion at a Hyde park meeting, Mrs. Despard said she hoped that the case of Miss Davison would kindle a flame in the souls of men, which would end the present awful situation.

Miss McGowan, another suffragette leader, said Miss Davison had given her life to call attention to the wrongs of women.

In striking contrast to the meetings of the Constitutional society in Hyde park, which met with only mild heckling, attempts of the Women's Social and Political union speakers to address the crowd resulted in considerable disorder and a number of fights between the male bodyguards of the women and spectators.

At one point the women were rushed off their feet and the police had to escort them from the park. Several arrests were made.

WHY SO WEAK?

Kidney Troubles May Be Sapping Your Life Away—Maryville People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, weak kidneys may be the cause. The slightest symptom of kidney trouble is too serious to neglect. Doan's Kidney Pills have earned their name by their effectiveness in strengthening the kidneys and keeping them well. Here is Maryville testimony to prove their worth:

Mrs. R. Snyder, 1108 East Third street, Maryville, Mo., says: "My kidneys bothered me for quite a while and I had a dull pain across my back. I felt tired all the time and couldn't rest well. After using a few boxes of Doan's Kidney Pills I got great relief. My health has been better since."

PROBE MAY RESULT IN A LOBBY LAW

Senate's Inquiry Becoming Direct Issue in Tariff Fight.

Washington, June 9.—Neither President Wilson nor the Democratic managers of the two branches of congress could estimate what effect the senate's remarkable "lobby investigation" would have upon the progress of the tariff bill, the currency reform plan, or other business of congress.

In the six days of grilling to which it has subjected senators themselves, the investigating committee has secured information and opened up channels of investigation that are likely to have an important influence upon the whole course of legislation in the future.

President Wilson's charge that an unusually large "lobby" was engaged in trying to influence changes in the tariff, formed the basis for the inquiry now under way; but it has run far out side the scope of the tariff, and has brought the senate committee up to the edge of what is expected to be one of the most searching inquiries ever conducted into the question of "legislative influences."

Progress on the tariff bill has not been hindered by the lobby investigation, but it is believed that before the reconstructed Underwood bill finally gets into the senate for debate the lobby investigation will have become a direct issue in the fight.

None of the alleged "lobbyists" has been questioned yet, but facts brought out by senators on the witness stand and the course the committee has determined upon for the future make it clear that congress will be urged to consider:

A registration law, requiring every "lobbyist" or other person who comes to Washington to influence legislation at once to identify himself and the interests he represents.

The condemnation, and possible prohibition of the present system of "manufacturing sentiment" in a state, to influence that state's senators or representatives upon any certain legislative matter.

The chief influence of the lobby inquiry upon the present tariff revision probably will come in connection with the sugar and wool fights, around which will wage much of the forthcoming tariff debate in the senate.

Well organized and extensive campaigns have been shown to exist on both sides of the sugar tariff question, and systematic activity by the wool protective forces has been testified to by many senators.

Quash Indictments Against Lumbermen

Chicago, June 9.—Criminal indictments against fourteen secretaries and former secretaries of lumber associations throughout the country have been dismissed at the instance of the department of justice. Five civil suits filed by the government for the dissolution of the alleged "lumber trust" are still pending.

"BIG FOUR" WILL DEFEND POLO CUP

Harry Payne Whitney Will Captain Trophy Defenders.

Hempstead, N. Y., June 9.—The "Big Four" of American polo—Whitney, Milburn and the two Waterburys—will once more defend the international trophy against the British challengers.

The executive committee of the National Polo association decided that the injury which put Foxhall Keene out of the international contest made it imperative to withdraw also the team Keene was to captain and rely upon the veteran players originally chosen.

The cup defenders will play in their old positions. Devereux Milburn, the only one of the four who had a place on the Keene team, will return to his place at back.

The polo committee also announced that the substitutes for the international games would be: Malcolm Stevenson, L. E. Stoddard, R. L. Agassiz, Harold C. Phipps and Rene Laszlo. Of these, Stoddard and Laszlo were members of the four that probably would have taken the field tomorrow with Milburn and Captain Keene, had not a fall at practice Saturday put Keene out of the contest with a broken collarbone.

Harry Payne Whitney will captain the cup defenders as originally intended and the Waterburys, Lawrence and J. M., Jr., will be with him in the line of forwards.

TRAIN WRECKED IN REVENGE

Discharged Employees Believed to Have Removed Spikes.

Portland, Ore., June 9.—A reward was offered by the Southern Pacific for the arrest and conviction of persons who wrecked a Willamette Valley limited train three miles south of Salem, Ore. Six persons were injured in the wreck, which was at first attributed to a faulty rail.

Investigation by county officials and railroad detectives was said to have revealed evidence that the passenger train was derailed by discharged employees of a circus, who probably hoped to ditch the circus train scheduled to pass the Willamette Valley limited.

Spikes had been removed from the ties for a distance of sixteen feet. A crowbar used by the wreckers was found nearby. Watchfulness of the engineer averted a serious disaster. With the emergency brakes applied the train had been brought almost to a stop before striking the loose rail.

JAP SUSPECTED OF SPYING

Well Educated Young Man Taken From Water Near Fort Wadsworth.

New York, June 9.—Kato Osak, suspected of being a Japanese spy, was picked out of the waters of the New York bay, a short distance from Fort Wadsworth and is now detained at the immigration station on Ellis island pending an investigation of his case.

The fact that Osak spoke excellent English when rescued, together with the fact of the assertion of his rescuers that they saw Osak throw a package of papers overboard shortly after they pulled him into their boat, has caused the authorities to regard the man with considerable suspicion.

THINGS ALL OUGHT TO KNOW

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil."

One of the questions which comes to nearly every thinking mind today is, "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished. We read in His Word that He is more willing to do for His children than are earthly parents for theirs, and we know how much that means; yet of tentimes it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS HAD A PURPOSE IN ALLOWING SIN AND DEATH TO REIGN THESE SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.

DR. SUZZALO HERE

GAVE LECTURE MONDAY TO STUDENTS AT NORMAL.

WILL LECTURE TUESDAY

Public to Have Opportunity to Hear Great Educator at First M. E. Church in the Evening.

Dr. Henry Suzzalo, one of the most noted educators in the United States and of the faculty of the Teachers' college of Columbia University, New York City, is in Maryville for a series of six lectures at the Normal.

Dr. Suzzalo on Tuesday evening will give a lecture at the First M. E. church and his subject will be "The Modern Meaning of Culture." The public is cordially invited to attend this lecture as well as the other lectures he will give at the Normal. His lecture subject for Tuesday morning at the Normal at 9:50 o'clock will be "The Change in Social Conditions and Needs." On Wednesday morning, the subject will be "The New Functions of the School." His closing lecture will be on Wednesday afternoon and the subject will be "The Standard of Professional Life." He will leave Maryville on Wednesday afternoon Purlington train.

The first lecture by Dr. Suzzalo was given Monday morning at the Normal and all of the Normal students were in attendance. His subject was "Tradition and Reform in Education." He spoke of the school condition changing, there being more of a change in the last decade than in the last twenty centuries. He says that we are now in the period of transition. There are now two factors in the school situation, the reactionaries and the radicals. The reactionaries are the class that wish to go back to the Seventeenth century methods and teach the three R's. The radicals are the ones who wish to accept still more of the new methods and get farther away from the old curriculum.

Dr. Suzzalo defines the school as a great bridge between child life and the complex world on the other hand. This gap was very small at first and required only a small bridge, but as the gap widened, a larger and more complex bridge must be planned and built. The teacher is the architect and since we are building larger bridges than formerly, we must plan and work differently.

This afternoon's lecture of Dr. Suzzalo was on "New Kinds of Children in the schools," and was given at the Normal at 3:30 o'clock.

Dr. Suzzalo is a lecturer of more than ordinary ability and he is now making a tour over the country giving his lectures in most of the larger educational centers of the West. He is intending to take a trip to Japan within the next few months.

HAD 460 AT SUNDAY SCHOOL.

First M. E. Church Had Record Attendance Sunday Morning—Children's Day Exercises.

The First M. E. church Sunday school had their largest attendance on Sunday morning, there being 460 present. The Sunday school was trying to reach the 400 mark on Sunday, and they were happy and also surprised when the attendance went to 460.

At the services on Sunday morning, Rev. Gilbert S. Cox baptized eight young people into the church.

The Children's day exercises were given in the evening, and it is said that the largest crowd that has ever been in the church, was present to hear the program. All of the youngsters did excellent work in presenting the program. The collection amounted to \$30, which goes in the loan fund for education, whereby any student in a Methodist school can borrow same without interest to finish his schooling.

Mr. and Mrs. G. W. Martin and baby daughter of Creston came to Maryville Saturday evening for a visit with Mrs. Martin's parents, Mr. and Mrs. J. J. Mahoney. Mrs. Martin will remain several days.

ON BIG COMMERCIAL TRIP.

Dr. Fred C. Honnold Stopped in Maryville Over Sunday From Journey With Board of Commerce.

Dr. F. C. Honnold of Chicago spent Sunday and Monday in Maryville with his mother and sister, Mrs. M. J. Honnold and Mrs. George P. Bellows. Dr. Honnold's wife and two little girls, Josephine and Virginia, arrived in Maryville Monday morning for a month's visit here.

Dr. Honnold left Monday evening for Macomb, Ill., where he will resume his tour of Illinois with the Chicago Association of Commerce. The association is taking a two weeks' trip over the state of Illinois and is being represented by seventy-five of the leading business men of Chicago. They are traveling in a splendid special train and will make stops at thirty-six of the best towns in the state.

The "Pilgrims," as they are styling themselves, are publishing a daily paper on the train, which is named "The Pilgrims' Daily Progress." It is well illustrated and is full of bits of wisdom and humor, jokes and puns at the expense of those in the party, which is distributed free as the Pilgrims go along their way. It is free, because its value is away beyond any price they say.

Dr. Honnold is secretary-treasurer for the Illinois Coal Operators' association. Three years ago he took a trip down the Mississippi and through to New Orleans, the party being national in its scope of represented business, and Ex-President William H. Taft was a member of the party on his way to the deep water congress held in New Orleans.

What are you going to do, Father? Get after the back alley, of course.

What are you going to do, Mother? Get rid of the garbage and rubbish in the back yard.

What are you going to do, Johnnie? Borrow a wheel-barrow and go after the ashes.

What are you going to do, Mr. Mayor? Clean the streets. And then clean some more and then clean them some more.

1500 AT HARMONY

FOURTH ANNUAL HOME-COMING WAS GREAT SUCCESS.

1200 SERVED AT DINNER

A Great Choir With Messrs. Moore and Becker Furnished Music and the Harmony Band Also Played.

The fourth annual home-coming day of the Harmony community, held at the Harmony church, eleven miles east and north of Maryville, was attended by 1,500 people and was a great success. If the weather had been a little warmer it is thought that there would have been 2,000 people there. On Sunday at one time there were sixty automobiles counted and the buggies were tied down the road a half mile each way. Many from Maryville and other towns over the county were in attendance at the day's services.

Rev. C. R. Green, pastor of the church, and members of his congregation had charge of the arrangements of the services and deserve great praise for the way they carried out the plans. Rev. Green has been pastor of the church for four years. Before that time he was residing in Kansas. He established the home-coming day four years ago, and it has been a great success, each one getting bigger. Harmony church started up some thirty-six years ago. They now have one of the prettiest and best arranged church buildings to be found in any community.

A feature of the day was the dinner at noon. Everything that was good to eat was served, and there were 1,200 people that ate dinner. Before the dinner was served music was given by the Harmony band, and after the dinner a few selections were also given by the band.

The day's services at Harmony opened with Sunday school, Hubert Null being superintendent. Then at 11 o'clock Rev. J. W. Jones of the Methodist Episcopal church of Cameron delivered an excellent sermon. After the sermon dinner was served.

The afternoon program opened with music by the choir, after which H. P. McDougal of the Tribune spoke of the fellowship existing in the community of Harmony. Rev. S. D. Harkness of the Presbyterian church gave a fine address on "Back to the Farm," and spoke of the rural community social center life.

The music for the occasion was furnished by the choir of the church, with V. I. Moore as director. Prof. H. J. Becker, in charge of the First Christian church of this city, assisted Mr. Moore. Prof. Becker also gave a solo, Mrs. Rollo Alexander playing the accompaniment. The members of the choir were Rev. Green, Wm. Moss, Ben Cox, Mrs. Edwards, Mrs. V. I. Moore, Miss Nettie Cox, Mrs. Effie Martin, Miss Pearl Lewis, Miss Vida Hefflin, Miss Dot Hefflin, Mrs. Velma Lewis, Mrs. Vesta Buck, Mrs. Ethel Green, Miss Ida Green, Miss Effie Willetts, Mrs. Alva Hunt, V. I. Moore, John Lawson, with Mrs. C. R. Green at the piano.

The Harmony band is composed of Rev. C. R. Green as leader, John Lawson, Fred Buck, Howard VanVelsion, Newton Moore, Arthur Hunt, Wm. Moss, Pearl Lewis, Florian Porter, V. I. Moore, Mrs. C. R. Green, Emmett Lewis, Everett Porter, Alva Hunt, Artie Craven, Lloyd Casteel, John Green.

Two of the original charter members of the Harmony church were in attendance at the celebration Sunday. They were Preston Seafers of Maryville and Mrs. Ira Moore of Portland, Ore., the mother of V. I. Moore. Mrs. Moore came all the way from Portland to be present at the home-coming.

The Harmony community is becoming noted for their social life and the fellowship that exists there. They are doing great things there.

Many of the Maryville people that went to Harmony in automobiles made the trip by the way of the Saints Byway and were not disappointed, as the road was in fine condition. This byway commenced at Casey's corner, six miles east of Maryville, then goes two miles north, two miles east to the Moore school house.

Home From Portland.

Miss Lucy Davis arrived home Saturday from Portland, Ore., where she is teacher in a Presbyterian school, and will spend the summer here with her father, George D. Davis and family.

Miss Mabel Carver returned to her home in Guilford Saturday from a visit with Mrs. J. E. O'Neal.

W. O. W. MEMORIAL

MONUMENT TO MEMORY OF CHAS. C. GREMS DEDICATED.

DECORATED 26 GRAVES

Impressive Services Held Sunday for Departed Members of Fraternal Order—Rev. Miller Made Address.

The annual memorial and decoration day service of the W. O. W. lodge was held Sunday afternoon in Miriam cemetery and was largely attended by the members of the order and their friends. There were several visitors present from the neighboring lodges who participated in the exercises.

The occasion was also the time for unveiling the monument placed at the grave of Charles Curtis Grems, whose death occurred a few months ago.

The Maryville band headed the procession that marched from the lodge hall to the cemetery. Several pieces of music were played, after which unveiling ceremonies were impressively conducted by Consul Commander Roy Martin, assisted by Advisor Charles W. Kiser, Banker R. F. Wallace, Clerk N. S. DeMotte, Captain Ezra Phipps and his drill team. James Murray was marshal of the day.

The unveiling ceremonies were conducted after the graves of the deceased members had been decorated with flowers. After the beautiful ritualistic service, Rev. Claude J. Miller of the First Christian church gave a brief but eloquent address on "Brotherhood."

Text: "By faith Abel offered unto God a more excellent sacrifice than Cain, through which he had witness borne to him that he was righteous, God bearing witness in respect of his gifts; and through it he being dead, yet speaketh." Heb. 11:4.

Rev. Miller said in part: Friends and members of the W. O. W., we are assembled here to pay our tribute to a brother, comrade and fellow worker. The flowers we bring are only symbols of our undying affection, for one who no longer walks among us as flesh and blood, but for one who dwells today in the spirit land. We tenderly place our votive offerings upon his grave, as our hearts yearn for his fellowship.

These tokens of our love are expressive of brotherhood. They call to our minds the first brotherhood this world knows anything about; two boys, Cain and Abel. Through their gifts to God they speak today; the one for evil the other, for good. Their audible voice is not heard today by the children of men, but their character voice speaks through they be dead, and will speak to generations yet unborn. In this first brotherhood of the world's history only a few attained greatness, few became kings.

About two thousand years ago another brotherhood was organized by one who has become the world's brother—Jesus Christ our Lord. With twelve humble men he founded a fraternity which has become world wide in its reaches. This fraternal order extends the hand of helpfulness to all mankind. All of this number are dead, as we speak of life and death, yet they all speak through the lives they lived while upon earth.

As we unveil this monument today, we think of the unveiling of the soul before the Eternal God.

May we build monuments of kindness, love and affection in human hearts all about us; and when our mortal body shall be laid in the grave may the life we have lived speak to the world of our tolerance and generosity to our weak and frail brothers, may they be big enough in spirit to magnify our virtues and minimize our faults."

WAS ELECTED GRAND PAGE.

MORNING AT CHRISTIAN CHURCH.

Service Devoted to the Old Folks—Rev. C. J. Miller's Sermon: "A Sacred Privilege."

A large audience was present at the morning service at the Christian church Sunday morning. Autos and carriages of the congregation were busy before the service, bringing the old folks to the church, the service being given over to them and their friends.

Rev. Miller said in part: "This service has been set aside for the old people of this church and our friends in general. We welcome them this morning. I myself revere and have the profoundest respect for those traveling down life's sunset pathway, and I pray that my tongue my cleave in my mouth if I ever speak slightly of old age."

"The subject I have chosen this morning is: 'A Sacred Privilege.'"

"Prayer is on the decline. Many are so forgetful of its benefits. But in spite of that I believe the world is getting better."

"Many a young woman in the great cities has been kept from falling with the knowledge that a good mother was at home praying for her."

"In common prayer there is real penitence as we come into the presence of God."

"Some men say there is nothing in prayer only the reflex influence."

"The Apostle James says that the constant, reverent prayer of a righteous man availeth much in its working. This must be both objective and subjective."

"Any man under the sun has a right to pray. Prayer is the only solution of forgiveness."

"Don't worry about the mysteriousness of prayer. God himself will make all things right."

"We see mystery all about us in nature—the law of gravity, in the plant life, etc."

"Our president, Woodrow Wilson, with the affairs of state and its great responsibility, finds time to pray. John Wanamaker in the great business world with all its cares, finds time to pray."

"There is always time to pray. Any man can find time to pray."

"In the economy of God he is often obliged to say 'no' to our prayers, because we often ask for things that are not for our own good."

"Prayer will change life from sadness to joy. God cannot answer prayer with a 'yes' at all times. If he did it might ruin our lives."

"I hope to see the day when a prayer altar will be in every home."

"Take the exhortation of Paul: 'Pray without ceasing.'"

Mrs. F. P. Robinson paved the way for the sermon when she sang in the most touching manner: "Did You Think to Pray?"

FIRST METHODISTS WON.

Defeated the Presbyterian Sunday School Team in League Game on Saturday.

In a very interesting game played Saturday afternoon at the Normal park, which was undecided until the last inning, the First Methodist team defeated the Presbyterians by a score of 4 to 3. The batteries were Dick Wray and Clark for the Methodists and Vandersloot and Hutchison for the Presbyterians. The umpire was Conley.

The Baptist team failed to report for their game with the Harmony team and so a practice game between Harmony was had against a bunch of pick-ups. The pick-up team won. This game does not count as a regular game.

TO REMAIN OPEN

DOORS TO NEW POSTOFFICE OPEN FROM 7 A. M. TO 9 P. M.

IN LINE FOR AN HOUR

Line Extending Across Lobby Waited for Keys to Open Boxes and Get Their Mail Monday Morning.

The postoffice opened in the new government building on Monday morning and everything is arranged now so the regular service can be given. There still remains some new furniture to come, but it will probably arrive before the end of this week.

The moving of the postoffice was done Saturday evening and the post-office force worked that night until midnight. Then on Sunday what new furniture that was here was arranged and everything gotten in shape for business. They were still moving some of the old furniture on Monday, and it will all be stored in the storage room of the new building and be sent around to different postoffices in this section of the country.

Some trouble was had Monday morning when the patrons called for their mail. It was necessary to turn in all old keys and get the new keys before the mail could be secured. There were many in line waiting for their keys, and several had to wait an hour or more.

Postmaster S. R. Beech announces today that the postoffice building will be opened hereafter on all holidays and on Sunday. That is, the front and side doors will be opened these days from 7 o'clock in the morning to 9 o'clock at night. But the same delivery of mail will be made as it has been in the past on these days.

The old postoffice building on the North side of the square will be used for the Miller moving picture theater. The building is to be somewhat remodeled, a raised floor put in and other necessary improvements for a moving picture theater. It will probably take two weeks or more for these improvements.

Walked to Pickering.

Miss Ottilla Ducker of Pickering, who was called to Upper Iowa University at Fayette, Iowa, a few weeks ago to finish the university year for the professor in mathematics who was called away, returned home the last of the week, having also remained for commencement. She arrived in Maryville on the early Wabash train and not wishing to wait for the noon Burlington train to take her home, she walked the seven miles home along the Saints Highway and found it a delightful undertaking. The morning was perfect, wild flowers and strawberries at their loveliest, and she was at home long before the noon train came into Maryville.

CHILDREN'S DAY AT CHRISTIAN.

An Exceptionally Good Program—the
Day's Collection \$187.30.

Children's day at the First Christian church was one long to be remembered by the children and their friends. The attendance at Sunday school was 297; collection, \$169.45.

In the evening an exceptionally good program was rendered by the children, some of whom were but mere infants, but they were not abashed, nor faltered when they appeared before the large audience—they did their parts well. The singing was a special feature of the program. There were solos, duets and quartets, and the chorus work was up to the standard. The collection in the evening was \$17.85, a total for the day of \$187.30. This fund will be sent toward the support of Dr. Drummond in India, who the church maintains in that far off land. He is doing great work for the spreading of the gospel. The doctor is also a physician and his work in this field has made him hosts of friends.

KARL KIRCHER IN TOWN.

Has Just Graduated From Princeton and Will Enter Presbyterian Ministry.

Rev. Karl Kircher, who has just graduated from Princeton University and School of Theology at Princeton, N. J., arrived in Maryville Thursday night and visited until Saturday forenoon among Maryville friends. He was a guest in the homes of D. E. Hetchkin, Roy Lippman and Mr. and Mrs. John Dempsey.

Mr. Kircher is a son of Rev. Charles E. Kircher, who closed a several years' pastorate with the First Presbyterian church of this city about ten years ago. Rev. Kircher went to the First Presbyterian church of Jefferson City, Mo., from here and is now located at Millworth, Kan.

Karl Kircher has been away from his father's home in school ever since he left Maryville and no other place seems like home to him. As soon as he left Princeton he struck out for Maryville and wishes to secure a Presbyterian pastorate somewhere in Northwest Missouri if possible. He occupied the pulpit of the Presbyterian church at Albany on Sunday morning and evening.

Mr. Kircher spent his prankish days in Maryville, and it was not easy for his boy friends of those days to think of him as a minister.

Mrs. F. G. Henry of LeGrande, Oregon, who has been visiting her parents, Mr. and Mrs. Thomas Martin, the past two weeks, left for her home Saturday evening. She was accompanied as far as St. Joseph by her father, who will visit there with his son, Charles W. Martin. Mrs. Henry stopped in St. Joseph for a few days' visit with her brother's family.

Mrs. L. B. Tracey and daughter, Thelma, and her baby niece, whom she is caring for, returned Monday morning from Bedford, where they were called several days ago by the illness of Mrs. Tracey's brother.

Mr. and Mrs. Clarence Lierley of Conception Junction were guests in Maryville over Sunday at the home of Mrs. Lierley's grandparents, Mr. and Mrs. G. W. Swinford.

Mr. and Mrs. J. E. Melvin entertained Rev. and Mrs. Claude J. Miller at six o'clock dinner Saturday evening.

NEW TURN IN COAL STRIKE CASE

Indictment of Miners' Officials Hampers Committee

IMMUNITY FOR WITNESSES.

Mine Workers' Agent Collects Evidence From Those Willing to Give Experiences in West Virginia Mines. Hundred Men Are Ready.

Washington, June 9.—Coal mined by a complicated situation, constantly growing more involved, the senate subcommittee named to investigate West Virginia coal strike conditions will leave for Charleston tonight. Examination of witnesses will begin tomorrow, with the appearance of scores of miners summoned by the agents of the United Mine Workers, to testify in relation to charges that the workers in the Pine creek and Cabin creek coal fields are kept in a state of virtual peonage.

Paul J. Paulsen of the United Mine Workers has been in West Virginia for a week collecting the witnesses and it is expected that he will have on hand about 100 men to give their experiences in the West Virginia coal mines. They will be followed by witnesses testifying as to alleged interference with the postal service by mine guards, violations of the immigration laws, the shipments of arms and ammunition into the strike territory and the "arrest, trial and conviction of citizens in violation of the constitution or laws."

The announcement of the indictment in the federal courts of officers of the United Mine Workers and the news of labor outbreaks in the New River coal field of West Virginia, further have complicated the strike situation since the senate adopted its resolution authorizing the inquiry. The charge of conspiracy on the part of the operators in other states to cause trouble in the West Virginia field is one of the points embraced in the senate resolution and the indictment may force the senators to limit materially their efforts on this point.

Senator Martine of New Jersey has charge of this branch of the inquiry, and he will be very careful in calling and examining witnesses to avoid all possibility of giving immunity to any offenders who might later be called to account through the courts.

Nineteen Miners Indicted. President John P. White and eighteen other officials of the United Mine Workers of America were indicted in the federal court at Charleston, W. Va., on a charge of violating the Sherman anti-trust law. It is alleged the defendants conspired with the coal operators of western Pennsylvania, Ohio, Indiana and Illinois to raise wages in the West Virginia coal fields so as to prevent its competition with the other four states in the western market.

The indictment alleges that coal produced in West Virginia, especially Kanawha county, is shipped in competition with coal mined in other states of the competitive field and that the contemplated organization of the West Virginia miners is to restrict the sale of the West Virginia coal in these markets and that not more than 15 per cent of the coal output of West Virginia is consumed within the state and the balance is shipped to other markets.

It is charged that the mines in the competitive states are unionized, dominated by the United Mine Workers, and the coal operators of Pennsylvania, Ohio, Indiana and Illinois have entered into a combination and conspiracy with the miners' union wherein the alleged conspirators have agreed to prohibit the coal mined in West Virginia from entering the lake markets and Canada.

THEY MUST SHOW MISSOURI
Commissioner Issues Citations Against Insurance Firms.
St. Louis, June 9.—State Insurance Commissioner Revelle has issued citations against the fire insurance companies that have ceased writing policies in Missouri to show cause for their refusal to issue insurance in this state. The companies have ten days under the citation to show why their Missouri license should not be revoked.

Commissioner Revelle said the inability to get insurance is felt more in rural communities than in the large cities. Country banks, he said, have foreclosed mortgages because borrowers have been unable to obtain a renewal of insurance on mortgaged property.

"There are new companies ready to organize, which are willing to accept all risks declined by the insurance companies."
"If the old companies are unwilling to assume the risks under the Orr law, I am in a position to guarantee Missourians that they will be able to secure all the insurance they want from new companies."

Explorers Ready for Trip.
Victoria, B. C., June 9.—Vilhjalmar Stefansson, the Arctic explorer, arrived at Esquimaux and took charge of the work of preparing the expedition which he will lead into the Arctic this summer for scientific research under the auspices of the Canadian government. The expedition will leave for Nome, Alaska, in a few days.

SUFFRAGE CLAIMS ITS FIRST VICTIM

Woman Who Stopped King's Horse in Derby, is Dead.

HAILED AS HEROINE BY CAUSE

Surrounded Only by Nurses and With Suffragette Colors on Screen Left by Friends, Dies of Fractured Skull. End Comes in Hospital.

London, June 9.—Emily Wilding Davison, the first martyr to the militant efforts of women to obtain suffrage, died at the Epsom hospital as the result of the fracture of the skull sustained in an attempt to stop the king's horse, Anmer, during the running of the derby, Wednesday last. Only the matron of the hospital and two nurses were present at the death-bed. A few moments before her death two comrades draped the screen surrounding the cots with the fateful colors of the Women's Social and Political union, which she wore when she made the sensational attempt to interfere with the great classic of the British turf.

The funeral will take place in London and members of the Women's Social and Political union will take a prominent part.

Speaking with great emotion at a Hyde park meeting, Mrs. Despard said she hoped that the case of Miss Davison would kindle a flame in the souls of men, which would end the present awful situation.

Miss McGowan, another suffragette leader, said Miss Davison had given her life to call attention to the wrongs of women.

In striking contrast to the meetings of the Constitutional society in Hyde park, which met with only mild heckling, attempts of the Women's Social and Political union speakers to address the crowd resulted in considerable disorder and a number of fights between the male bodyguards of the women and spectators.

At one point the women were rushed off their feet and the police had to escort them from the park. Several arrests were made.

PROBE MAY RESULT IN A LOBBY LAW

Senate's Inquiry Becoming Direct Issue in Tariff Fight.

Washington, June 9.—Neither President Wilson nor the Democratic managers of the two branches of congress could estimate what effect the senate's remarkable "lobby investigation" would have upon the progress of the tariff bill, the currency reform plan, or other business of congress.

In the six days of grilling to which it has subjected senators themselves, the investigating committee has secured information and opened up channels of investigation that are likely to have an important influence upon the whole course of legislation in the future.

President Wilson's charge that an unusually large "lobby" was engaged in trying to influence changes in the tariff, formed the basis for the inquiry now under way; but it has run far outside the scope of the tariff, and has brought the senate committee up to the edge of what is expected to be one of the most searching inquiries ever conducted into the question of "legislative influences."

Progress on the tariff bill has not been hindered by the lobby investigation, but it is believed that before the reconstructed Underwood bill finally gets into the senate for debate the lobby investigation will have become a direct issue in the fight.

None of the alleged "lobbyists" has been questioned yet, but facts brought out by senators on the witness stand and the course the committee has determined upon for the future make it clear that congress will be urged to consider:

A registration law, requiring every "lobbyist" or other person who comes to Washington to influence legislation at once to identify himself and the interests he represents.

The condemnation, and possible prohibition of the present system of "manufacturing sentiment" in a state, to influence that state's senators or representatives upon any certain legislative matter.

The chief influence of the lobby inquiry upon the present tariff revision probably will come in connection with the sugar and wool fights, around which will wage much of the forth coming tariff debate in the senate. Well organized and extensive campaigns have been shown to exist on both sides of the sugar tariff question, and systematic activity by the wool protective forces has been testified to by many senators.

Quash Indictments Against Lumbermen. "BIG FOUR" WILL DEFEND POLO CUP

Harry Payne Whitney Will Captain Trophy Defenders.

Hempstead, N. Y., June 9.—The "Big Four" of American polo—Whitney, Milburn and the two Waterburys—will once more defend the international trophy against the British challengers.

The executive committee of the National Polo association decided that the injury which put Foxhall Keene out of the international contest made it imperative to withdraw also the team Keene was to captain and rely upon the veteran players originally chosen.

The cup defenders will play in their old positions. Devereux Milburn, the only one of the four who had a place on the Keene team, will return to his place at back.

The polo committee also announced that the substitutes for the international games would be: Malcolm Stevenson, L. E. Stoddard, R. L. Agassiz, Harold C. Phipps and Rene Lamontague. Of these, Stoddard and Stevenson were members of the four that probably would have taken the field tomorrow with Milburn and Captain Keene, had not a fall at practice Saturday put Keene out of the contest with a broken collarbone.

Harry Payne Whitney will captain the cup defenders as originally intended, and the Waterburys, Lawrence and J. M. Jr., will be with him in the line of forwards.

TRAIN WRECKED IN REVENGE

Discharged Employees Believed to Have Removed Spikes.

Portland, Ore., June 9.—A reward was offered by the Southern Pacific for the arrest and conviction of persons who wrecked a Willamette Valley limited train three miles south of Salem, Ore. Six persons were injured in the wreck, which was at first attributed to a faulty rail.

Investigation by county officials and railroad detectives was said to have revealed evidence that the passenger train was derailed by discharged employees of a circus, who probably hoped to ditch the circus train scheduled to pass the Willamette Valley limited.

Spikes had been removed from the ties for a distance of sixteen feet. A crowbar used by the wreckers was found nearby. Watchfulness of the engineer averted a serious disaster. With the emergency brakes applied the train had been brought almost to a stop before striking the loose rail.

JAP SUSPECTED OF SPYING

Well Educated Young Man Taken From Water Near Fort Wadsworth.

New York, June 9.—Kato Osak, suspected of being a Japanese spy, was picked out of the waters of the New York bay, a short distance from Fort Wadsworth and is now detained at the immigration station on Ellis island pending an investigation of his case.

The fact that Osak spoke excellent English when rescued, together with the fact of the assertion of his rescuers that they saw Osak throw a package of papers overboard shortly after they pulled him into their boat, has caused the authorities to regard the man with considerable suspicion.

THINGS ALL OUGHT TO KNOW

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil."

One of the questions which comes to nearly every thinking mind today is, "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished. We read in His Word that He is more willing to do for His children than are earthly parents for theirs, and we know how much that means; yet oftentimes it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS HAD A PURPOSE IN ALLOWING SIN AND DEATH TO REIGN THESE SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.
